

# 'Is It Renewable or Non-renewable Energy' Task Card

1. Write your name on the page.

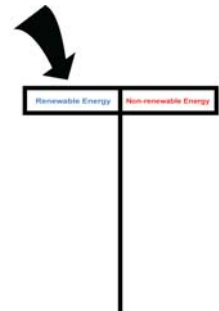

2. Choose 1 card from the pile.

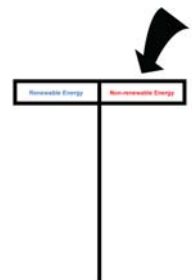

3. Decide if it is a type of **renewable energy** or **non-renewable energy**?

4. If your card is a type of renewable energy, place it under the “**Renewable Energy Column**” of the T- chart.

5. If your card is a type of non-renewable energy, place it under the “**Non-renewable Energy Column**” of the T- chart.

6. Glue your worksheet into your Science notebook.
